## WILL CONSIDER AN SPCA BRANCH HERE AT APRIL SESSION

Bucks Co. Branch Meets At Doylestown in Annual Session

## OFFICERS ARE NAMED Hear Annual Report of The Activities of The Association

DOYLESTOWN, Jan. 29 — The matter of establishing a Bristol Branch of the Bucks County SPCA is to be discussed at an executive committee meeting in April. It was decided, at the 26th annual meeting of the SPCA held here Thursday afternoon.

In the absence of the president, Col. J. Paul Lloyd, who is recuperating from an operation in Valley Forge General Hospital, Donald E. Delacey, first vice-president, presided.

When it was revealed that Col. Lloyd, the president, and Knickerbocker Davis, field secretary, had conferred with a Bristol representative concerning the organizing of a branch in lower Bucks county, Mrs. Noble F. Beacham, Lahaska, 12, who disappeared while skiing with two companions, Zero temperature and a storm on the 5,344-foot mountain hampered the search parties considerably. (International)

Mrs. H. Leroy Kister, second vice-president, who called the meeting to order, said the matter of establishing a Bristol branch will be thoroughly discussed at an executive committee April meeting.

According to the Bristol representatives, it is desirable to have a small animal shelter established at Fallsington and the Bristol branch's area would include from the Delaware river to U. S. Route One, Langhorne, and from Morrisville to Ivy Line.

Agent Leroy Buchanan pointed out that the SPCA receives many calls from the Lacey Park and Bristol section, particularly about dogs which have distemper.

Officers were elected as follows: President, Colonel J. Paul Lloyd Spring Valley; first vice-president, Justice of the Peace Donald E. Delacey, New Hope; second vice-president, Mrs. H. Leroy Kister, of town; secretary-treasurer, Charles A. Jourdan, of this place, and field secretary, Knickerbocker Davis, of town.

Vice-President Delacey, who discussed various phases of the work, pointed out that 280 cases of "spite dogs" were handled last year.

"The SPCA is not a dog catcher and persons who persist in calling the SPCA just to get rid of their neighbor's cats or dogs for spite will be prosecuted in the future," the J. of P. warned.

He also discussed a case in Nockmixon township where a woman, a widow, was removed to a State mental hospital and some chickens, geese, ducks and other fowl were left to look out for themselves.

Another case involved a dairyman, who has a herd which has been recently quarantined because of Bangs' disease and was feeding them so little that an observer filed a complaint.

During the year, 4,758 animals were received at the shelter which is an increase of 117 over last year. Animals received were 2,245 dogs, 2,358 cats, one bull, one horse, three colts, three goats, parrot, pigeon, live rabbits and 40 white mice.

**NEW BREED OF CATS**  
If the lion is the king of beasts, the cat is surely their princess. And now, it is revealed, a new royal line has been established. A New York breeder has developed a new strain by crossing white Persians with Siamese. The product is short-haired and cream-colored, with red points. Its eyes are blue.

Readers who are not aelurophiles may need to be told that the "points" of a Siamese, which are always darker than the rest of its body, are its paws, tail and ears, mostly. Siamese now come in two strains, seal points and blue points.  
A distinction was formerly made between Persian cats, supposedly from Iran, and Angoras, supposedly from Ankara, Turkey. It is no longer recognized. These are called long-hairs, though the quality of their nocturnal music is no more symphonic than the tones produced by amorous short-hairs.

Persians, or long-hairs, most of them, have reasonably quiet voices, a low, cobby build, low-slung tails. Siamese talk louder, and produce sounds considerably more raucous and feral than a mere meow. Like other short-hairs, they have a rangier build and carry their tails at parade-rest.

They differ in temperament, too. Swinburne, who wrote, "Stately, kindly, lordly friend, condescend here to sit by me" was obviously talking to a Persian. Persians are likely to be aloof and scornful, except when they choose to let their hair down and go zany. People who don't like them can generally manage to ignore them.

But a Siamese will not permit itself to be ignored. When it isn't climbing the curtains, it may be swarming up its owner's back. The Siamese is an affectionate rowdy, and it won't let people alone.  
So the new line, bred from a Persian and a Siamese, should be a creature of contradictions born from a mating of opposites.

## Will Consider An SPCA Branch Here, April Session

Continued from Page One  
Homes were found for 253 dogs and 37 cats. There were 23 burials in the cemetery. Prosecution of cruelty cases and the resulting fines numbered four.

The total membership is 380. Of this number, 291 are voting members, 69 sustaining, and the balance being life members.

Treasurer Charles H. Jourdan reported trust and invested funds at \$13,400.

It was reported by Agent Leroy Buchanan that the markers, or tombstones, in the cemetery, have been kept in repair. The available part of the cemetery is filling up so that it is now encroaching on marshy ground. This will necessitate allotment of other ground in the area, possibly involving new fencing.

A County Seat writer, Knickerbacker Davis, the field secretary, has been active making investigations concerning dog-fighting, clipping dogs' ears, illegal disposition of dogs and other infractions.

Noble F. Beacham, Lahaska, aided in designing a brochure which was distributed throughout the county.  
It was emphasized by S. P. C. A. officials that, according to an Act of Legislature, no animal can be accepted by the SPCA without the signature of the person authorizing the same.

The SPCA cannot give an animal away without a signed receipt of the recipient. Also, a puppy under six months old is not considered an unlicensed dog, but is the personal property of someone.

"Ignorance on the part of the public has caused dissatisfaction and ill feeling toward the SPCA," one officer said.

## A Summary of The News

flow of private investment abroad.

W. Stuart Symington, Secretary of the Air Force, renewed before the House Armed Services Committee his plea for a force of seventy air groups. The committee indicated that Congress might ask that the \$300,000,000 sought by President Truman for universal military training be used instead to meet Mr. Symington's plea.

As a new storm hit the region, additional "feedlift" planes and bulldozers went into action in Midwestern states ravaged by snow, ice and winds. President Truman signed the bill enacted by Congress adding \$500,000 to the Presidential disaster relief fund and promptly turned the money over to the Federal Works Administrator for relief in the storm-torn areas.

# BENSALEM BOWS TO MORRISVILLE BY SCORE OF 65-52

CORNWELLS HEIGHTS, Jan. 29.—The lads were on the baskets for the Bensalem High team last night as it bowed to the Morrisville Bulldogs, 65-52, in a Lower Bucks County League game here.

The Owls were off on their shooting as they missed basket after basket, many of them set-ups. On the other hand, Coach "Jim" Doherty's boys made good on their opportunities to roll up the 13-point edge of victory.

The Bulldogs outscored the Owls from the field, 24-20, and did well from the foul line in sinking 17 of their 23 tries. Bensalem converted 2 of their 23 free attempts.

Coach Doherty's high-flying Juniorarsity aggregation continued its winning streak with a 65-48 win over the Bensalem Jayvees.

# CHEMICAL MIXERS WIN 4TH STRAIGHT IN LEAGUE RACE

The Rohm & Haas passers won their fourth straight game of the Bristol Basketball League last night as they walloped the Morrisville Hoopers, 48-37, on the high school floor.

The chemical mixers led all the way and at half-time were in front by a 25-18 score. The Maple Beach contingent outpassed their opponents and played an excellent defensive game.

Morrisville was off-form in foul shooting as it made but nine of their 24 tries. Rohm & Haas had 15 foul tries and made but four.

"Chuck" Klein's playing was largely responsible for the Rohm & Haas triumph. In addition to playing his usual fine guarding game, "Chuck" rolled in six field goals. "Vince" DeBronze made 11 points for the Hoopers.

Rohm & Haas will attempt to make it five straight tomorrow afternoon as it meets St. Ann's A. A. on the Maple Beach club house court.

MORRISVILLE FALLS ALUMNI  
ST. ANN'S - ROHM & HAAS

"Johnny" Pindar's field and foul goal in the closing minutes of the game proved to be the deciding points last night as the Profy aggregation again took undisputed possession of first place in the Bristol Basketball League. The Profymen won over the Falls Alumni quintet, 58-55.

The game was as closely played as any contest this season. At one time, Falls had a 12-6 lead but after Pindar and Mama began to cut the cords, Profy took the lead and were never headed until the final quarter when Falls at one time took a two-point lead.
